Past, Present and Future

Three people talk about their family, education, work and ambitions.

Milena Dusek is Czech. She was born in Prague, where she still lives with her mother and two sisters. She is 18, and she goes to an international school. She is studying English, psychology, and economics.

‘My parents are divorced. My father is a journalist, and works for a newspaper called Blesk. My mother works as a chef in a restaurant in the Old Town. I see my father quite often. He lives nearby.

Milena wants to work in banking. She’s going to study business when she’s older, so it’s important that she speaks very good English. Next summer she’s going to London for two months to study at a language school. She’s going to stay with an English family, and she’s going to learn English for five hours a day.

She’s excited about going to London, but a little bit worried, too. ‘I hope the family are nice, and I hope I like English food!’ she says.

Georg Reinhardt is an architect. He's married, and he lives with his wife, Karlotta, and three children, in Berlin. Karlotta is a housewife, and their three children go to local gymnasium.

'I was born in Frankfurt, where I was born and went to school. I studied architecture at the University of Munich. I met Karlotta at university, she was a student of modern languages. We moved to Berlin in 1995.'

Georg also teaches architecture. Next year he is moving to America, to teach at the University of California in Berkeley for three years. His family is going with him. They're going to live on the university campus, where there is a school for the children. His wife is going to teach German.

They're all very excited about the trip. 'The kids are learning English. They want to see the Golden Gate Bridge in San Francisco', says Georg. 'My wife and I are looking forward to living in sunshine all year round'.

Archie McCrae is Scottish. He was born in Glassgow, where he grew up with his parents and his brother and sister. His father is a doctor and his mother works for the research company Bayer.

‘I went to Drumchapel High School. I studied biology, chemistry, and physics. At school I met Fiona, and we started going out when we were 16. We studied medicine together at the University of Edinburgh, and now we live in Edinburgh.

They want to work in developing countries. Next week they’re going to Zambia, in south Africa, for a year, to work in St Francis’s Hospital in the east of the country. They’re going to train doctors and nurses in villages near the hospital. How do they feel about their trip? ‘We’re very excited, but a bit nervous,’ says Archie. ‘Zambia is a beautiful country, but very poor. The people are wonderful. I hope we can help them’.
